Dear Friends of the Class of 2013,

The past four years have been some of the best of our lives so far. That's a big statement to make, but isn't it true? We've outlasted the four years of high school, from being awkward freshmen to proud seniors. We've won dodgeball tournaments, hosted Mr. THS's, and are some of the best students to ever walk through these halls. We've accomplished so much, and now is our time to reflect and be proud of what we've done. Imagine if we started as eighth graders! Regardless, these years have taught us how to be the leaders of tomorrow. We will mold the world into the new and uncertain; we will lead Taunton, the Commonwealth of Massachusetts, the United States, and the entire world through the future. And that future surely looks bright.

This class will utilize the skills we developed in high school to take the world by storm. Without doubt, this class will be host to lawyers, politicians, doctors, nurses, firefighters, and soldiers, but, most of all, we will forever be Tigers. Our mark on Tiger Nation is one unparalleled by recent classes. We opened the new Fieldhouse, we have been some of the best athletes in school history, we have excelled academically, we led the first class of "Ochos" and helped their transition, and we will continue to be the class that can. We are doers. If our class wants something badly enough, it happens.

And that will be the mark of our future: success in life is what we make it. If we drive every day to do the utmost that we possibly can, we will do just that – be successful. The potential in this class is remarkable. It is chock full of great students, athletes, leaders - everything that a great class should have. We are the best, the pinnacle, and at the top of our game. There is great potential for greatness amongst our ranks, and we will go on to capture it. Carpe Diem, as they say, seize the day.

In short, these four years at Taunton High School have certainly been some of the best of my life. It has been my absolute pleasure to serve as your president this year. Thank you so much for trusting the class in my hands, and thank you to everyone who helped make it possible. It has been an excellent four years, and now our time has come to move on. A new class will take over these halls next year, and rule the school. But let it be known, we have utilized our time here to the fullest. As John F. Kennedy said, "Those who look only to the past or present are certain to miss the future." It is now our future. Every second has been a pleasure, and we leave without regret. Thank you again Class of 2013, it's been fun.

Forever yours,

Christopher Czepiel
